New **Škoda** Octavia Genuine Accessories

YOUR DECISIVE STEP ...

... ON THE ROAD TO ORIGINALITY

If you have already bought a Škoda car, you couldn't have taken a better decision. Even in its basic-equipment version, your Octavia offers you elements underlining safety and functionality, and also details emphasising the attractive design. But we are aware that your requirements for a car's equipment can be highly specific, because every person or family has an entirely different lifestyle. And so we are offering you Škoda Genuine Accessories. With this equipment you can adapt your car to your lifestyle and make it into an original which will conform precisely to your requirements.

In view of the fact that Škoda Genuine Accessories are a logical addition to, and an expansion of the basic and extraordinary equipment, you can be wholly sure that the selected product is intended directly for your car and has been approved by Škoda Auto. The other advantages are: long life, safety, original technical solutions, precision of fit and preservation of your car's warranty. In addition to Škoda Genuine Accessories, each authorised Škoda partner also provides qualified advice and servicing with verified quality.

... ADDED DETAILS WHICH CONVINC

The aerodynamics of the new Octavia with the styling kit have been thoroughly verified and optimised at our development centres.

Exhaust pipe end piece made from quality steel for engines 1.4 MPI, 1.6 MPI (FDC 610 003) and 1.6 FSI (FDC 610 004) for Octavia

Exhaust pipe end piece made from quality steel for engines 1.9 TDI, 2.0 FDI (FDC 610 001) and 2.0 TDI (FDC 610 002) for Octavia

In addition to an impressive appearance, the optical styling kit of the new Octavia ensures improved aerodynamic parameters resulting from lower wind resistance. When looking at the rear of the car, several features will attract your attention: the restrained boot spoiler, decorative

exhaust pipe end piece and, last but not least, the cat's eyes – reflectors in the rear bumper spoiler which reinforce the dynamic appearance of the rear of the car. In addition, they also contribute to the better visibility of the Octavia and thus, to increased safety in traffic.

WE THINK OF BOTH THE EXTERIOR ...

The front bumper spoiler harmoniously develops the design of the front of the car, and the covering of all unlacquered parts contributes to even greater compactness, not to mention the highly confident look.

... AND THE INTERIOR ...

Leather steering wheel (FBA 600 000)

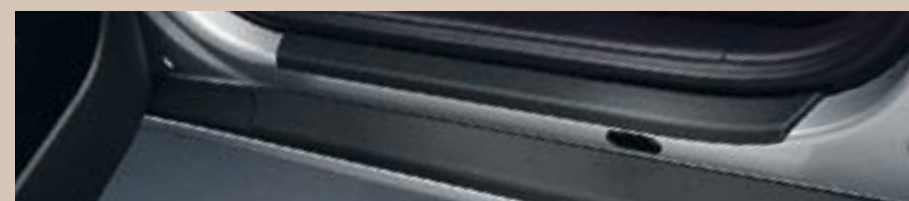

Leather gearshift handle (FFA 600 001 for cars with 5-speed gearbox, FFA 600 002 for cars with 6-speed gearbox)
Leather gearshift sleeve (FBA 600 001)

Leather handbrake lever (FFA 600 010 for cars without Jumbo box, FFA 600 011 for cars with Jumbo box – see picture)

Decorative door sill covers with stainless steel inserts
(KDA 600 002)

Door sill covers, black
(KDA 600 001)

Not only the exterior of your car can be decorated with Škoda Genuine Accessories. A quality leather steering wheel, gearshift handle and a gearshift sleeve serve to give a feeling of

cosiness and a flavour of luxury to the interior. In addition to fulfilling an aesthetic function, door sill covers are also practical because they prevent mechanical damage to the sills.

... YOUR DELIGHT ...

... AND THE PLEASURE OF YOUR SENSES

The **Melody** car radio features an AM/FM receiver, RDS, cassette player, easy encoding, a 4 x 20 W amplifier and connection for a handsfree set (AAO 600 001)

The **Stream** car radio features an AM/FM receiver, RDS, CD player, large DOT-display indicating outdoor temperature and time, and a connection for parking radar, Climatronic, and a handsfree set. It can be controlled from the multifunctional steering wheel and connected to the Maxi-DOT dashboard display or a CD changer. (AAO 600 002)

The **Audience** car radio is the top model in our line of car radios. It has functionalities similar to the Stream unit, including the large DOT-display, plus an MP3-compatible CD player and integrated 6-CD changer (AAO 600 003)

The **Nexus** navigation system with the dynamic module (TMC) enables you to receive traffic reporting and adapt your route to up-to-date information. Of course you can also use it to play CDs and connect a CD changer. (AAN 600 002)*

6-CD changer designed to be installed in the luggage compartment (AAP 600 001)
Connecting cable for installation of a CD changer (AZO 000 002)*

Mobile phone holder for cars equipped with the universal GSM phone preparation with a handsfree set (ATC 600 001-0XX – depends on the phone type)

* Available during 2005

After the leather-bound elements have satisfied your sense of touch, we have also prepared something for your sense of hearing. Even the most demanding customers will be able to choose from our three unique designed car radios. Moreover, only the original car radios can get the most from all the technical equipment and can preserve the compact

impression of the car's interior. Your driving pleasure will also be greatly enhanced by the Nexus navigation system, which will reliably lead you to your destination, or a 6-CD changer designed to be installed in the luggage compartment.

IF YOU DECIDE TO GO FOR MORE COMFORT ...

Front mud flaps (KEA 600 002)

Rear mud flaps (KEA 600 001)

Foot mats of rubber and textile (DCC 600 001)
Foot mats of textile PP (DCA 600 001)
Foot mats of textile PA (DCA 600 002)

Sunblind for Octavia (DEA 610 001)*

* Available during 2005

Even practical and useful things can look elegant and valuable. One example of this are the 4-piece sets of foot mats from rubber and textile, through polypropylene (PP), up to high-quality mats made of polyamide (PA). These are all products which fit the new Octavia like a glove.

The sunblind offers greater comfort to passengers in the rear. One doesn't need to write much about the importance of mud flaps – they are a benefit for your Octavia and for the drivers behind you.

4. Storage box behind back seats for Octavia Combi (DMB 620 001)

You can improve the already fantastic and well-designed luggage space of the new Octavia still further with Škoda Genuine Accessories. Do you need to separate the passenger seating area from the luggage space in

the Octavia Combi? We offer you the trunk grille. Do you want to prevent your luggage from moving around? Get the multi-piece netting system. For those who love cleanliness, we recommend the

rubber/textile boot mat or the plastic boot dish with a raised edge. Other intelligent solutions are the false boot floor, storage box behind back seats, folding hook for boot, the parcel shelf storage bag, the two

bags for small luggage attached with Velcro, and a practical ski sack for up to 4 pairs of skis.

* Available during 2005

Is there something which does not fit into the luggage area? Put it on the roof! The first condition for this are high-quality basic roof racks. Our ones have also undergone the demanding CITY CRASH safety test. For lovers of water sports, we offer a surfboard holder, and for drivers who want to spend their free time on a bicycle, we offer two different

lockable bicycle carriers. And don't miss the offer of Škoda bicycles: your authorised Škoda partner can give you an overview of them. Another classic item is the removable tow bar, which can pull a trailer weighing up to 1,600 kg.

... DURING ANY SEASON OF THE YEAR

Lockable ski box (LBT 000 001)*

Lockable rack for skis or snowboards with aluminium profile (LBB 000 001)*

Lockable luggage box (LBT 000 002)*

Lockable rack for skis or snowboards (LBT 071 027)*

* Available during 2005

If you want to go skiing in the winter, you can be sure that with Škoda Genuine Accessories you won't have to deal with the dilemma of where to put your sports equipment. If you choose one of the two ski racks, you can safely transport at least 4 pairs of skis or 2 snowboards. If you

choose the roof box, your transportation capacity is increased to 5 pairs of skis or 4 snowboards. The luggage box has an impressive storage space of 360 litres.

YOU DECIDE ABOUT THE SAFETY OF YOUR LITTLE ONES

Original Škoda child seats have undergone demanding tests and simulations with excellent results.

Name	Category (according to weight in kg)			
	0+ (0-13)	1 (9-18)	2 (15-25)	3 (22-36)
Easybob Maxi	0-13			
Bimbo Fix	0-18			
Isofix Duo Plus		9-18		
Kid			15-36	

Child seat Easybob Maxi (DDT 000 002A)

Child seat Bimbo Fix (DDF 000 001 for rear-facing fittings, DDF 000 004 for forward-facing fittings)
Bimbo Fix child seat frame fittings (DDF 000 003 for rear-facing fittings, DDF 000 002 for forward-facing fittings)

Child seat Isofix Duo Plus (DDA 000 003A)

Child seat Kid (DDA 000 004)

There is no doubt as to the basic function of a child seat: to protect the child from danger. But for a child seat to perform its function successfully, it must correspond to the size and weight of the child. And so we offer you original Škoda child seats for all age categories of children up to 12 or up to 36 kg. Your Octavia is also equipped

as standard with a proprietary system for attaching two child seats with the safety system ISOFIX. This makes it possible to fix child seats of this type directly to the car body, which represents the highest level of safety currently available. Child seat Bimbo Fix can be fixed to the passenger's seat, if equipped with ISOFIX brackets.
